PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering student and aspiring software professional with hands-on experience in C, Python, machine learning, and text analysis. Passionate about simplifying complex concepts and mentoring peers to foster a collaborative learning environment.

SKILLS

Programming: Python, C, Java

Web Technologies: HTML, CSS, JavaScript

Database: MongoDB, MySQL

Areas of Interest: Software Development, Artificial Intelligence, Machine Learning

INTERNSHIP EXPERIENCE

Python in Data Science Intern | *NSIC* **Jan 2025 - Feb 2025**

- Gain Knowledge about the fundamentals of data science.
- Practical demonstration of insights of data

Student Summer Intern | *Sri Sivasubramaniya Nadar (SSN) College of Engineering* **May 2026 - Jun 2026**

- Developed and trained a machine learning AI model using Python to successfully complete a 45-day project titled "Machine Generated Content Detection" under direct mentorship of Dr. Rajalakshmi.

Web Developer Intern |*Murugan Solutions* **Jun 2026 - Jul 2026**

- Developed programming skills across front-end and back-end web technologies.
- Created responsive user interfaces and gained hands-on exposure to database management

PROJECTS (https://github.com/sivanesansamy1-rgb)

Ratna-Jewellery (Full-Stack E-Commerce Platform)

- Built a scalable e-commerce application using Node.js and MongoDB, featuring secure OTP verification via Brevo and deployment on Render

Machine-Generated Content Detection System (AI/NLP)

- Built an AI-driven NLP model using the DistilBERT framework to accurately detect machine-generated text.

Wine Quality Grouping

- Technologies: Python Grouped wine samples using 1 hierarchical clustering technique based on feature similarity. Compared cluster quality using silhouette score for all generated groups.

LEADERSHIP EXPERIENCE

Moderator | *Department of Computer Science and Engineering*

- Led activities as Moderator of the Iconic's Association, managing 8 clubs and working with faculty to successfully organize 13 major events.

EDUCATION

B.E. Computer Science and Engineering | *Anna University Regional Campus, Madurai* 2023 - 2027

- CGPA (through 6th semester): 7.79

HSC | *CSI Higher Secondary School, Nagapattinam* 2020 - 2023

- Percentage: 73.5%

SSLC |*CSI Higher Secondary School, Nagapattinam* 2018 - 2019

- Percentage: 100%
